

More Jump with Joey

Student Age
6 to 9 years

Number of Lessons
40 lessons
(80 lessons if taught twice weekly)

Vocabulary Learned
950 words

Lesson Length
45-60 minutes

The English language comes alive as children continue to follow the animated adventures of Joey, Kangi, and friends in the enchanted world of Storyville. Augmented reality makes learning English effortless!

- Through songs, stories, lively animated episodes and state-of-the-art learning materials that bring 2D characters to life with 3D animation and sound, students easily advance their English language skills.
- In addition to learning 25 new songs, more advanced language structures and broadening their vocabulary, students learn essential values such as taking care of animals, appreciating different perspectives, overcoming fears and obstacles and avoiding prejudice. A workbook for reading and writing practice is an optional addition to the course for students who wish to improve their reading and writing skills.
